Rules and Regulations

Governing Twenty-sixth Annual Auction Sale of Bulls

CALGARY, MARCH 29th to APRIL 3rd, 1926

GENERAL RULES FOR ASSOCIATION SALES

PURCHASE OF ANIMALS

The Secretary is prepared to purchase animals for persons unable to attend the sale personally. The greatest care will be used in executing such orders in accordance with instructions given by the purchaser and no charge will be made for this service. A purchaser should send marked cheque for the amount he is willing to pay. Proper refund will be made if a suitable animal can be purchased for less than the amount sent.

MANAGEMENT OF SALES

1. The management will be under the control of the Executive Committee of the Alberta Horse, Cattle, Sheep or Swine Breeders' Association, according to which animals are being offered for sale, and the Secretary will have entire charge of all animals on the grounds, stable accommodation and routine.

ARRIVAL OF STOCK

2. Bulls from accredited herds, or that have been tested under government supervision within six months of date of sale, should be in the stalls by the evening of March 30th, in order that prospective buyers may be given an opportunity of handling and examining same.

BY-BIDDING

3. There shall be no by-bidding by the owner of an animal or anyone authorized by him. Statutory declaration may be required from any buyer or seller to the effect that any purchase or sale is bona fide, and that there has been no by-bidding in connection therewith. Any owner guilty of by-bidding or authorizing anyone to do so for him, will be excluded from participating in future sales for a term to be decided by the Executive Committee.

CONDITIONS OF ENTRY

4. Any person offering an animal for sale at an Association auction sale guarantees said animal to be in **Sound Health**, free from **Physical Defects**, and **Registered** in the Canadian National Records in the name of the seller. The Registration Certificate and a certificate of transfer on the proper form, duly signed, with the name of the transferee left blank, must accompany the application for entry. This is necessary in order to get the benefit of the half freight rate for registered stock.

Be sure and send in your applications for registration of bulls intended for this sale, in plenty of time to have certificates of registration back from Ottawa to accompany your entries. Blank forms of transfer may be obtained upon application to the secretary.

5. If entries are accepted without production of proper certificates and transfers, the money paid by the purchaser for same will be held until papers are supplied. If certificate is not supplied within a reasonable time the seller agrees to abide by the decision of the Executive Committee as to his liability to the purchaser.

TUBERCULIN TEST

6. All animals will be sold subject to their passing the tuberculin test unless certificate is produced that they have passed the tuberculin test, under government supervision, within six months of date of sale. Animals not so tested will be tested after arrival at Calgary and should be shipped in time to arrive in Calgary not later than the morning of March 29th, as testing will commence at that time. In the event of an animal re-acting, the seller hereby authorizes the Secretary to refund the amount of purchase price to the purchaser, the animal again becoming the property of the seller. The entry fee paid by contributor, whose bull, or bulls, react, will be refunded, but not the membership fee.

ACCREDITED HERDS

7. Bulls coming from accredited herds, and bulls that have passed the test within six months under Dominion government supervision, or by a veterinarian authorized by the Dominion government to make such tests, will not be required to be tested again upon arrival at Calgary.

8. If herd is accredited mark your entry form "Accredited Herd" so that it may be catalogued that way.

9. The Secretary will give to the Government veterinarian at Calgary a list of entries received up to February 27th, and he will make arrangements where inspectors find it possible to do so, within thirty days of shipment, to conduct the testing upon owners' premises. This can only be done, however, in cases where the inspectors have other work in the neighborhood. Animals not tested at home will be given the ninety-six hour test upon arrival at Calgary.

10. Any blemish which it might reasonably be expected should be announced, should be brought to the attention of the Secretary or Auctioneer as the animals comes into the sale ring in order that same may be announced.

11. A fee of 50c per head, a day, will be charged the purchaser for feeding (hay only) and caring for animals from time of sale until loaded, where animals are held by instructions of purchasers.

WITHDRAWAL OF ENTRIES

12. Entries may be withdrawn up to the date of the closing of entries, by notifying the Secretary. The privilege of withdrawing an animal from the sale after the closing of entries shall rest solely with the Executive Committee, and shall be exercised if necessary in the sale ring, and the Executive Committee shall have power to cancel the sale of any animal, before or after the delivery of such animal, provided such a course, in its opinion, is fair and just to both buyer and seller. The entry fees for animals which

are afterwards withdrawn shall be forfeited to the Association.

13. Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in these rules.

DISPUTES

14. If any dispute arises between two or more bidders, it shall be settled by the animal or animals being again put up and resold. The decision of the auctioneer shall be final in all cases.

SETTLEMENT OF PURCHASES

15. All purchases must be settled for within one-half hour of the sale of the animal. If any purchaser fails to settle for his purchase as stated, the Committee reserves the full power to re-sell the animal to the best advantage, either publicly or privately, without further intimation, and any loss arising from such resale, together with keep and all other expenses, will be collected from the defaulter. In the event of a seller desiring to purchase other stock, he may obtain credit up to within \$25 per head of the amount of his sales by applying at the office of the Secretary. It will be necessary to present the purchaser's agreement in the usual way and sign a credit receipt.

16. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the purchaser, and it is declared that until a settlement shall be made in the terms of these conditions, the delivery of the animal shall be suspended.

17. The Secretary will have power to give receipt in full for all payments for stock, and will remit the amount realized, less the proper charges, for each animal to the seller thereof within three weeks after the date of the sale, provided certificate and transfer are in order.

18. All animals which have been paid for and are not to be shipped by rail will be delivered to the various buyers on the grounds, who will take charge of them immediately after the close of the sale.

SELLERS' RESPONSIBILITY

19. Contributors will be held responsible for any erroneous information respecting animals entered that may appear in the printed catalogue of any Association Sale, unless written notice of such error is filed with the Secretary one week prior to the commencement of such sale, and the Auctioneer notified as the animal comes into the sale ring so that the error may be announced to the public before the animal is sold.

20. The seller is the responsible party for all representations which the Association in no way guarantees, but will endeavor to have correct. The owner's statement is the owner's responsibility.

21. In case typographical or other errors are discovered, the auctioneer will announce them and a memorandum of such corrections shall take precedence over the printed matter in the catalogue. Buyers are, therefore, cautioned to pay attention to the auctioneer's announcements. The Association acts as agent only and is responsible only for the proceeds of the sale.

22. The purchaser of an animal at an Association sale will be given ten days after the last day of sale within which to file with the Secretary objection on account of any erroneous information respecting such animal that may appear in the catalogue. The Association endeavors to verify records and have them authentically stated, but purchasers should examine for themselves.

23. Animals entered must have been proved to be reliable breeders if they have been tried. If not, the seller assumes no responsibility but affirms that he has no reason to doubt that any animal entered by him is a sure and reliable breeder. In the event of any dispute arising as to the virility of an animal sold at an Association sale, or for any other reason, the seller relieves the Association, which is acting merely as an agent between buyer and seller, of all responsibility in connection with the sale of the animal and agrees to indemnify the said Association against all loss, costs or damages, if any, which the said Association may be put to or suffer in connection with the sale of any animal or animals.

24. Each animal entered must be the property of a member of the Association who is a bona fide resident of Alberta, or who is conducting a live stock breeding establishment in Alberta. Bulls must have been calved in Alberta, or must have been used for breeding purposes in Alberta for at least one year.

25. Persons interested in the cattle industry in Alberta, although not breeders or cattle owners, may join the Association as associate members, upon payment of one dollar per year. Such associate members may attend the meetings of the Association, and take part in the discussions, but will not be eligible for office, and may not vote.

FEED, WATER, ETC.

26. Sellers will be required to supply all necessary hay and grain for animals until and including the last day of the sale. Any contributor found guilty of neglecting to attend to an animal entered by him as herein provided may be excluded from participating in future sales held by this Association. Baled hay and straw will be sold on the grounds. Stabling and water supplied free. Sellers or their agents will be required to take charge of their animals immediately upon arrival at point of sale, have the animals brought to the grounds, remain in attendance upon them, feed and water them, until and including the last day of the sale, and, subject to the directions of the Secretary, be responsible for their delivery into the hands of the proper purchaser at point of sale.

SHIPPING

27. The Associations will take charge of all animals to be shipped by rail on the morning after the last day of the sale, and will feed, water and load the animals on the cars, but the seller must water and feed his entries the evening of the last day of the sale, the Associations taking charge next morning, but it is distinctly understood that the risk will remain with the purchaser.

28. Every care will be exercised by the management to prevent injury to or loss of property, and to insure the prompt collection and delivery of animals, but the Associations, acting only as a medium between buyer and seller, will not be responsible for any loss or damage that may occur, nor for any stock mis-sent, whether through negli-

gence on the part of its officers or servants or not. The Executive Committee reserves the right to decide any point not covered by the rules which the Committee considers is necessary in the proper regulation and management of the sale. Insurance against loss by fire should be taken out by owner, if thought desirable.

29. Before an animal can be removed from the building, the buyer must present to the stable manager an order signed by the Secretary and give a receipt for the animal. This order must be left with the stable manager and will be evidence of the delivery of the stock.

30. Every person who contributes an animal to the sale, and everyone who bids at the sale by so doing agrees to the foregoing terms and conditions of sale.

SPECIAL RULES FOR 1926 CALGARY BULL SALE

Cull Out Inferior Animals

31. The Executive Committee will have a committee examine cattle entered for the sale upon arrival at the point of sale, and cull out all cattle that are inferior or not in reasonably good condition. Cattle culled out will not be sold by auction, and must be stabled as directed by the Secretary. Save expense by culling at home.

32. Bulls that have been entered and are not in good condition by the date when they should be shipped for the sale should not be sent in, as culling will be very severe.
